EXPERIENCE

WEB DEVELOPER - EVB. San Francisco, US - 11/2009-present (as a contractor)

EVB, an award-winning ad agency based in San Francisco, creates digital and tv campaigns for clients such as Adidas, HP, Skittles, Intuit, Kodak, Levi's, and more. Working as a Web Developer solving the technical side of creative projects. Done work developing Facebook Applications, Front-End Development, and PHP Development.

WEB DEVELOPER AND UI DESIGNER - Sebastianjt.com - 07/2004-present

My brand as an independent contractor. I work mainly in Front-End Development, User Interface (UI) Design, and User Experience (UX). Consult with businesses and independents developing web solutions, creating their web projects, and their graphic identity.

PROJECT MANAGER & WEB DEVELOPER - ACTIVA MC. Bogotá, Colombia - 01/2007-09/2009

Project Supervisor, Art Director and Project Developer for multiple web and interactive projects. Conducted workshops and training on Front-End Development, XHTML, CSS, best practices and web standards.

FRONT-END DEVELOPER - SolutionSet. San Francisco, US - 07/2008-12/2008

Front-End Developer Intern. Worked on various projects doing XHTML, CSS and JavaScript development. Trained for best web practices and produced semantic and standards compliant code.
